

Multi-skills Tournament

On Friday 27th November, Larch and Sycamore took part in a multi-skills tournament in the school hall. Each class was split into small teams to take part in four different activities around the hall in order to earn team points. The child's balancing, throwing, stamina, speed and spatial awareness were all put to the test during the tournament!

Team E, from Sycamore, was the overall winner of the tournament with 18 team points in total. The other teams all gained house points based on their overall team point score.

The children showed great team-spirit and determination throughout the tournament and they thoroughly enjoyed this special event.

One child said of the event, "That was the best P.E. lesson I have ever had!"

Well done everyone!
