Maple Class Football Tournament at
Thomas Cowley High School

The children from Maple Class went to the Thomas Cowley High School Academy on Thursday 12th October to take part in a football tournament, organised by the year 9 students as part of their BTEC course.

It was a perfect, warm sunny day and the children were very excited as they were put into teams for the day.

The children started by taking part in team building and skills based challenges in small groups. The day built up into a full tournament between the teams and a winner's trophy was presented in a ceremony at the end, along with an award for player of the tournament and for exceptional effort and work ethic shown throughout the day.

The children had an amazing time and everyone showed fantastic team spirit and sportsmanship. The year 9 students did a fantastic job of organising the event, which was a huge success.
