

Multi-skills Tournament

On Friday 24th November, Larch and Sycamore took part in a multi-skills tournament in the school hall.

Both classes were split into three teams to

take part in five different activities around the hall in order

to earn team points.

The children's balancing, throwing, stamina, speed and spatial awareness were all put to the test during the tournament! Team A,

from Larch, was the overall winning team of the tournament with 131 team points in total.

The children showed great team-spirit and determination throughout the tournament and they thoroughly enjoyed this special event.

One child said of the event, "That was really good fun!" Well done everyone!
