

Multi-skills Tournament

On Friday 11th November, Larch and Sycamore took part in a multi-skills tournament in the school hall. Each class was split into house teams and took part in four different activities around the hall in order to earn points. The children's balancing, throwing, stamina, speed and spatial awareness were all put to the test during the tournament!

Sycamore class was the overall winner of the tournament with Glen house scoring the most points. Nene was the winning house from Larch. Certificates were presented in Good Work Assembly on Tuesday 15th November. The other teams in both classes all gained house points based on their overall point score.

The children showed great team-spirit and determination throughout the tournament and they thoroughly enjoyed this special event.

Well done everyone!
