

## Victorian Day

On Friday 4<sup>th</sup> November, Sycamore class took part in a Victorian Day organised in school. The class enjoyed dressing up as Victorian children and we would like to express our thanks to parents for organising costumes to help the class enter into the spirit of the day.

During the morning, we found out about Victorian schools and some of the things that were used in a Victorian classroom. We had fun playing Victorian parlour games such as ‘Pass the Slipper’ and ‘Corners’.

The children from Elm class, who were also holding a Victorian Day, worked co-operatively with Sycamore class to talk about Victorian artefacts and work out what these artefacts could have been used for. The children enjoyed this chance for peer learning and had super ideas. Later in the afternoon, we enjoyed making union flags and greetings cards.

The day enriched the children's understanding of different aspects of Victorian life and we hope that they enjoyed this experience.
