

Sycamore's Class Trip

On Wednesday 5th July, as part of our Zoom topic, Sycamore went on their trip to Nene Valley Railway, Wansford. What a fabulous day we had!

It was very exciting to see and do so many things. We climbed in static engines, went in the signal box and got to go to the engine workshop. We learned all about the impact of the railways. We saw Thomas the Tank Engine and went for a ride on a steam train while we had our lunch.
